That is why corporal punishment is to be avoided as far as possible. The first part of the book looks to the current state of education, part two looks at possible futures, and part three examines how a learning society might be achieved. Paragraph numbers, which run continuously through the chapters, can usefully complement any reference.

Itbecomes evidenttohimthatGodandthehumanspiritareakintoone. He then spent eight years as a private tutor to the children of various wealthy families in the local area before returning to the university as a lecturer. Exhibit 1: Welsh circulating schools in the s At these Circulating Schools, so anxious were the people to learn their own ancient language, that persons of all ages attended, from six years of age to above seventy. Third, the forms they have adopted have made their mark on the organization of work in other settings such as youth work and adult education.
