entertaining read about football team that is on the brink of folding, they can't as they say buy a win, but it is more about friendship and having fun on the field, the conclusion is somewhat satisfying although the resolution should be to keep going whether you win or lose no matter what the result, it is for the fun of and for the love of the game, it was good to see a book where they were clearly never going to Save Our Sharks: Aussie Bites the champions but still be engaging.
