Could talk about this poetry in the Contemporary Iranian society? For the P image the self-similarity values are more similar at all levels of analysis than those of the other image categories. The accumulation and proliferation of photographs in my artworks question the power of images in our society and echo the mass consumption mechanisms of our world.

Estimated size of horizontal dimension. I am working on two related moving images, which is about how individuals deal with their digital personality in this internet community. Since the subject is abstract and spiritual, I needed the context which can make my spectators more open-minded.
