Great content poorly crafted will not sell. Apple's word processor might look like just a simplified version of Word, but its ability to export in ePub and PDF formats makes it a nice tool for creating eBooks. I know, I know, but my life has been so busy and I was lucky my personal publisher Brian did everything you did and that was why our results are better than we expected.

I joined KDP on August 12, and immediately used the 5-day free promotion. That Highlight the title Contents. That made me think why my story is different. Add back matter. Open a new page in Word if you wanted, you could outsource that part: give them your current unformatted manuscript, pay them a bit, and get back a Kindle-ready manuscript in return. Novels are very hard to sell, especially long novels where people have no idea who you are.
